## One Million Trees Project

### Why Should I Plant a Tree?

Because Allah (swt) says in Quran "And the trees do prostrate (to Allah)." (Al-Quran 55:06)

The Messenger of Allah (peace be upon him) said, "If any Muslim plants any plant and a human being or an animal eats of it, he will be rewarded as if he had given that much in charity."  
(Sahih Bukhari Vol. 8, Number 41)

The Prophet (pbuh) said: "If the Hour is about to be established and one of you was holding a palm shoot, let him take advantage of even one second before the Hour is established to plant it."

(Reported by Ahmad and Al-Bukhan on the authority of Anas in Al Adab Al-Mufrad, see also Sahih Al-Jami' Al Saghir, No. 1424)

### Hidaya's Response

To address the environmental issues world-wide, Hidaya Foundation has launched the "One Million Trees" project. Our goal is to plant and grow a minimum of one million trees in ten years. Through this effort, Hidaya Foundation intends to educate youth on the impact of trees on the environment, along with the information on how to grow, maintain, and benefit from the trees.

This spring Hidaya has purchased over 77,000 seedlings which are distributed to students and farmers at no cost, for planting.

**On average, it costs just \$1 per tree.**
