

# Myanmar Cyclone Relief

## Please Donate to Support those in Dire Need

### Situation Overview:

On May 4, 2008, The Union of Myanmar (formerly known as Burma) was devastated by Cyclone Nargis with winds of up to 120mph and a 12 foot tidal wave. The death toll from this calamity is in the tens of thousands and millions more have lost their homes. Poor rice farmers from the Ayarawady Delta Area are the most severely affected, as those who have even managed to survive have lost their homes and crops. This is said to be the worst disaster in the history of the country.

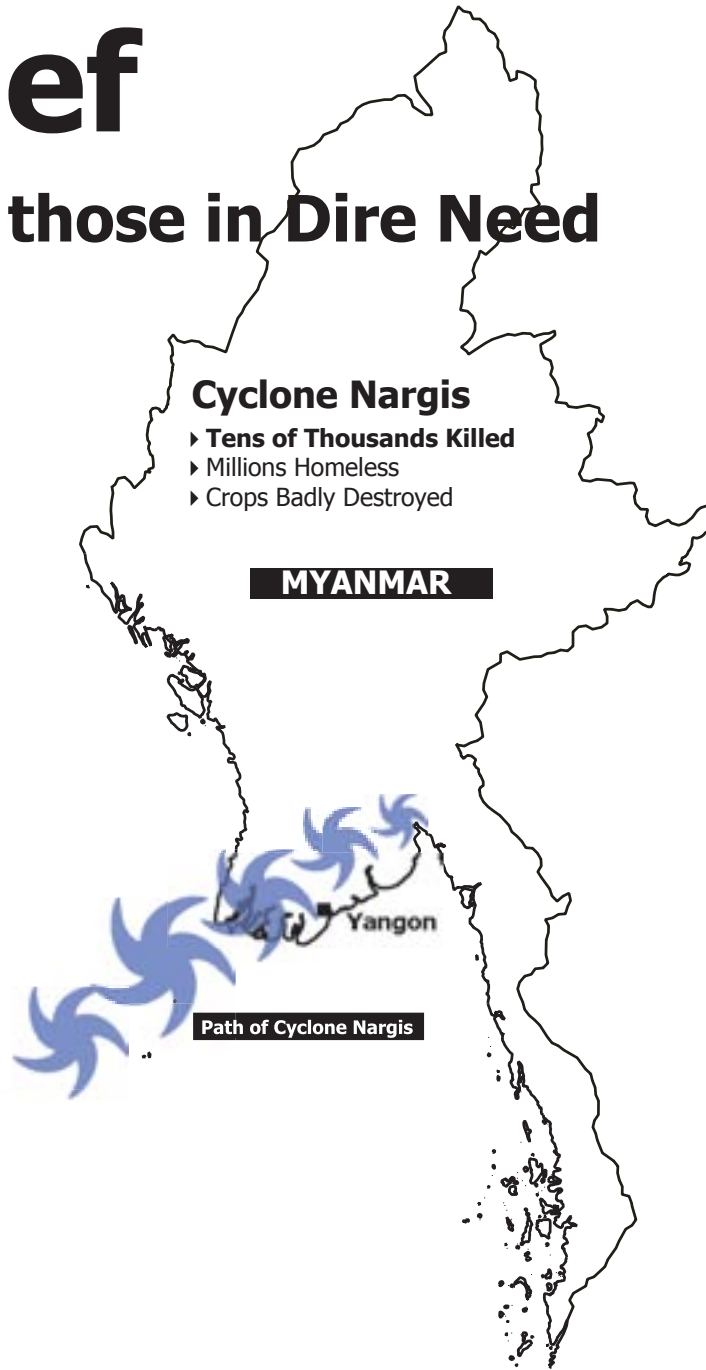

### Hidaya Foundation's Response

Hidaya Foundation is appealing for funds to aid victims of this natural disaster. Currently, Hidaya has allocated \$50,000 for relief efforts.

Due to international political circumstances, it has been decided that Hidaya will work with trustworthy organizations in Myanmar. Two local organizations have already been qualified as partners for relief operations per Hidaya's Standard Operating Procedures.

Based on the overall situation, Hidaya intends to work towards the long-term rehabilitation of those affected as soon as the condition in the affected region allows.

**Donations can be made online at [www.hidaya.org](http://www.hidaya.org), or checks can be mailed in with the form below.**
