Pakistan Floods 2011

Situation Overview:

One year after the worst flooding disaster in the history of the region, more floods triggered by heavy rains have caused devastation in Southern Pakistan. Over five million people have been affected.

Hidaya's Response:

Hidaya is heavily active in the region with 32 projects managed year round by over 220 full time employees including 105 teachers of over 30 schools run by Hidaya. Hidaya began relief activities at district Badin around August 22nd by dispatching dry ration packages to help hundreds of families.
